Minibus Description

The 2026 Ford Ranger Hybrid Wildtrak is the ideal choice for drivers and businesses seeking a premium pickup

that blends standout capability, advanced technology and a commanding road presence — all without the upfront cost of ownership. Leasing the latest Wildtrak gives you access to Ford's newest generation of engineering and refinement, wrapped in a bold design built for both demanding work and everyday lifestyle use.

At the heart of this model is Ford's impressive 2.3L Ti-VCT EcoBoost PHEV engine, paired with a 10-speed automatic 4WD FT powertrain. This hybrid system delivers 207 kW / 281 PS, an exceptional 697 Nm of torque, and a maximum combined fuel consumption of just 3.1 L/100 km. With maximum combined CO₂ emissions of only 71 g/km, the 2026 Wildtrak offers remarkable efficiency without compromising performance. Whether towing equipment, navigating worksites or heading off-road, the Ranger's robust chassis and advanced 4WD system provide smooth, confident capability across all terrains.

Inside, the Wildtrak features a premium, tech-focused cabin designed for long-distance comfort and everyday practicality. High-quality materials, supportive seating and Ford's latest infotainment system — complete with large digital displays, smartphone integration and intuitive controls — create a modern, connected driving environment that feels equally at home on the motorway or the trail.

The exterior continues to set the Wildtrak apart, with signature styling, a bold grille, rugged bodywork and distinctive alloy wheels. Its muscular stance and refined detailing give it a commanding presence, while practical touches such as integrated side steps, roof rails and a durable load bed ensure it remains a true working tool as well as a lifestyle vehicle.

With flexible leasing options and UK-wide delivery, the 2026 Ford Ranger Hybrid Wildtrak is an excellent solution for businesses and private drivers who want predictable monthly costs, no depreciation concerns and access to Ford's latest hybrid pickup technology. Leasing this top-spec Wildtrak gives you the freedom to enjoy exceptional performance, efficiency and capability with all the benefits of a modern contract hire agreement.
